CAREER OBJECTIVE

Motivated B.Tech Computer Science and Engineering student with a strong foundation in software development, backend architecture, and artificial intelligence. Passionate about solving complex problems, collaborating in agile development environments, and leveraging cutting-edge technologies to build scalable applications. Seeking an opportunity to contribute my full-stack development expertise in a dynamic team.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering

Balaji Institute of Technology & Science | Warangal, Telangana | 2021 – 2025 | **CGPA: 75%**

Higher Secondary Education – MPC (Mathematics, Physics, Chemistry)

Government Junior College | Chityal, Telangana | 2019 – 2021 | **CGPA: 80%**

Secondary Education – 10th Grade

Zilla Parishad High School | Challagari, Telangana | 2018 – 2019 | **CGPA: 88%**

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, C, C++, Operating System, Data Structure and Algorithm
- **Web Development:** HTML, CSS, JavaScript, React.js, Angular, Node.js, PHP
- **Database Management:** MySQL, MongoDB, PostgreSQL
- **Frameworks & Tools:** Django, Express.js, Git, REST APIs, Visual Studio Code
- **Soft Skills:** Problem-solving, Communication, Time Management, Team Collaboration

PROJECTS

Real-Time Project Management System

- Developed a web application for project tracking, file uploads, version control, and Google Drive integration.
 - Designed a scalable backend using Node.js & MongoDB to handle dynamic user data.
 - Implemented role-based authentication (RBAC) and JWT for enhanced security.
- Tech Stack:** Node.js, MongoDB, Express.js, HTML, CSS, JavaScript

Tourism Website

- Built a fully responsive website for online booking, user authentication, and admin management.
- Integrated MySQL database to manage user bookings and payment details.
- Designed an interactive UI using HTML, CSS, and JavaScript for an intuitive user experience.

Tech Stack: PHP, MySQL, HTML, CSS, JavaScript

PROFESSIONAL EXPERIENCE

Full Stack Web Development Intern

Edunet Foundation | May – July 2024

- Developed scalable backend architectures using Node.js & Express.js for high-traffic applications.
- Integrated third-party APIs to enhance application functionality and data exchange.
- Optimized performance by implementing caching strategies, improving load times by 40%.
- Ensured security by implementing authentication mechanisms (JWT & OAuth).

ACHIEVEMENTS

- Built a real-time chat application using Django & Django Channels during an internship.

- Completed “Building Data Analytics Application with Cloud” under the Next Gen Employability Program 2023-2024.

CERTIFICATIONS

- **Software Engineer Certification** – HackerRank
- **Java Certification** – HackerRank
- **Data Analytics Essentials** – Cisco Learning Academy
- **Python Certification** – Great Learning Academy
- **SQL and Relational Databases 101** – IBM
- **Full Stack Web Development** – Edunet Foundation

HOBBIES

- Photography
- Chess
- Badminton & Cricket
- Listening to Music
